

Body by Vi™ Community Challenge FAQs:

What do I do first?

- » Pick a charity that fits our goal of feeding children in need.
- » Contact the charity and ask if they will accept our shake mix as a food donation.
- » Talk to your City Committee regarding your chosen charity and rally other local distributors to give to the same organization.
- » Complete the Cause Selection Form and email to Giving@ViSalus.com

Do I need to choose a charity?

- » Absolutely not, you can simply choose to make the donation.
- » Should you not have time to work with a city committee; your donation will gladly be accepted and sent to key food banks.

Can I pick any charity?

- » Our mission is to feed children in need so local food banks, churches and missions are good examples of organizations that have Children Programs in place.
- » When will my donation be sent to the charity?
- » The donation can be sent at any time; ideally we would coordinate arrival of donations and your participation so we can create strong stories with videos, pictures and testimonials from you.

Is my donation tax deductible?

- » Your donation is tax deductible if you donate to a qualified tax-exempt organization. Charities will let you know if they have received their 501(c)(3) tax-exempt status. Some organizations are not required to obtain 501(c)(3) status from the IRS. These include churches and other religious organizations.
- » It is up to the charity to provide a letter or receipt of the donation for tax purposes. Please check with the charity you choose to find out if they will provide the letter. ViSalus Sciences cannot provide this letter as we are not a nonprofit.
